COURT REPORTING SERVICES

TAPE RECORDED DEPOSITIONS - pioneered tape recorded depositions in 1978

Advantages of tape recorded depositions

- **increased accuracy - developed a recording system similar to the system the Federal and Municipal Courts have since adopted**
- **decreased cost**
- **verifiability - audio clarity is ensured by separate microphones on multi-channel recording system**
- **monitored by skilled court reporters who keep accurate and detailed deposition logs**
- **monitoring of the recording process, during the actual taking of the depositions, is done by listening to the recorded tape to insure complete, accurate recording**
- **simultaneous multi-recording**
- **tape available immediately and can be used for trial preparation and various other applications**

TRANSCRIPTS

- **traditional and condensed transcripts available**
- **Synchronization for audio and video transcripts**
- **E-Transcript, Publisher Bundles, and disks available**
- **Internet site available for downloads**
- **overnight service available**

PROCESS SERVICE

- **experienced and trained staff to perform service**
- **knowledge of and compliance with all local court rules**
